ANIMAL FEED

(CODE: FIS72-ANALOGUE)

AGRO FISH MEAL - 72% PROTEIN

GUARANTEED ANALYSIS

Crude Protein72.00%	Minimum
Crude Fat10.00%	Maximum
Crude Fiber1.00%	Maximum
Moisture10.00%	Maximum
Ash14.00%	Maximum
Sodium Chloride3.00%	Maximum
Calcium8.00%	Maximum
Available Phosphorous4.00%	Maximum
Available Lysine in Protein5.00%	Minimum

This AGRO FISH MEAL is prepared from clean, undecomposed whole fish and cuttings, using the solvent extraction process for oil and developed for the production of edible whole fish protein concentrate. It is then enriched with animal protein and solubles that have been hydrolized to give a better protein, vitamin and amino acid balance.

PRODUCT OF U.S.A.
50 KILOS
